Every last bit...
Everything...
I remembered all of it.
Suga...

【第十一話】ずっと

ピク
Suga...

What if there isn't any other way to get it back?
サラ
Suga's vaice...

...
Don't worry about it
Oof!
What?
Your amulet?

Oh, that...
The truth is, each time I encountered something strange in the forest
It blacked it.
It completely broke to pieces.
Sarry. Even thaugh yau specially gave it ta me...
!
Naw that yau mentian it, yaur katana...
That's what the amulet is far.
It glaws faintly. Cauld it be that alsa is made af the Night Glaw Stane?

NOD
Then did you also make that necklace?
NOD
Did you make that?
That's amazing, Suga.
Just like you said you would all the way back then.

The sword only hos o little while left. Hurry up.
Even the Night Glow Stone hos it's limits
...

SUGA!?
Your throat? Does it hurt...?
This is my fault...
If we don't hurry and get out of here, even Sugo will...

You won't escape
You won't escape
YOU WON'T ESCAPE!!!
Suga... Are you alright...?

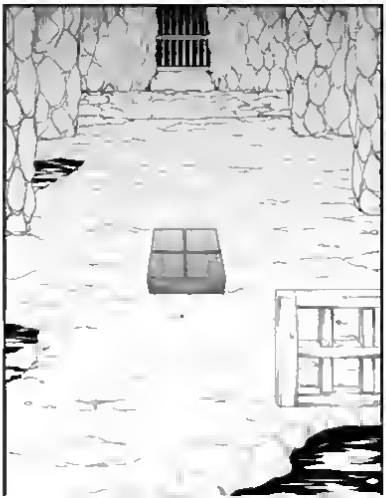
T/N Note: We were playing Hide and Seek and I won! > D

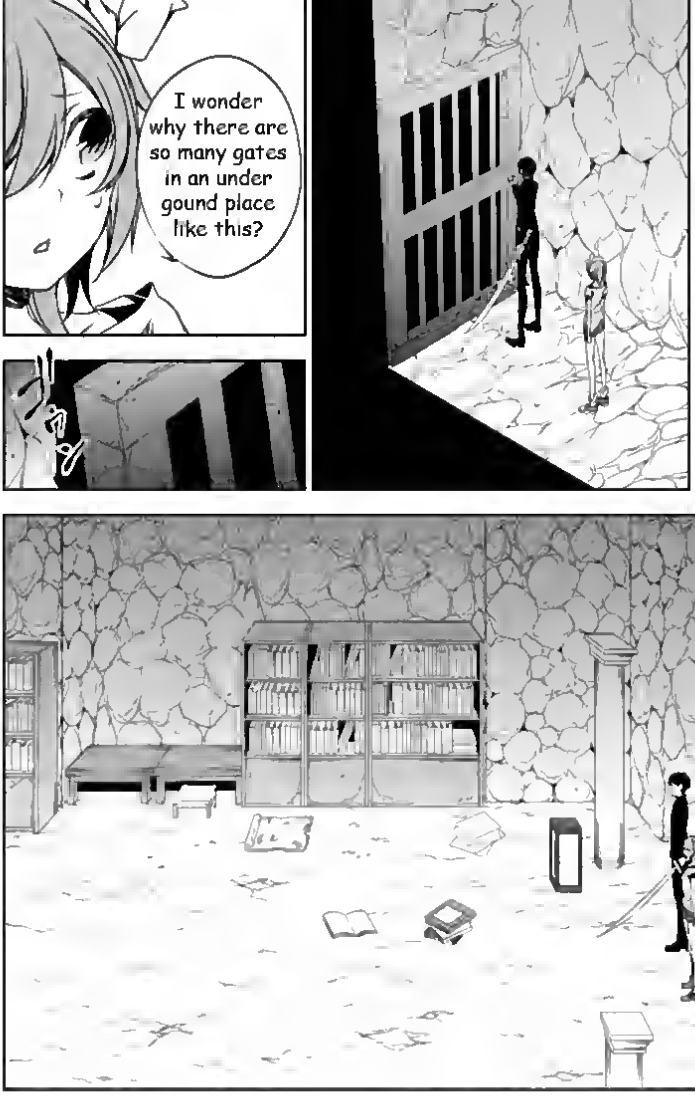
Suga!
If I remember right, this path goes undergound!
In the mansion's well there should be a rope to get into the underground tunnel!

The rain is making the water level rise.
It's really dark.
I don't think we can swim farther inside.
We need to search and see if there isn't another way..!

The path continues on the other side.
I wonder if there isn't any way across?

The room is locked from this side...





I wonder why there are so many gates in an under gound place like this?

This tunnel...
The poth on the other side is connected to the monsion's well for sure.
Maybe this ploce is olso connected to the mansion!
!
But it's quite o long woy up, isn't it?
We have no choice but to call for help... I guess...

Mochizuki and the others might be there.
They could call for help.
Anyone
Anyone
Anyone...
Anyone!! Is anybody there!?
If anyone is there, please say something!!!

...
...
I-I'm sure it will be ok.
Hey, Suga...
You don't need to make such a worried expression.

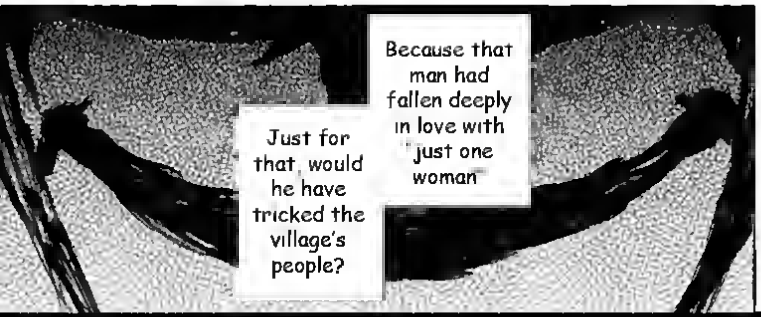
After all, Suga. Up until naw yau've always
Yau've always guarded against that ghast and the all the athers taa, right?
memo
That's why it'll be ak. Surely taday we'll alsa return safely.
It'll be ak.
If Suga gat scared and cried...

I'll also
protect you, Suga.
I promised, after all.

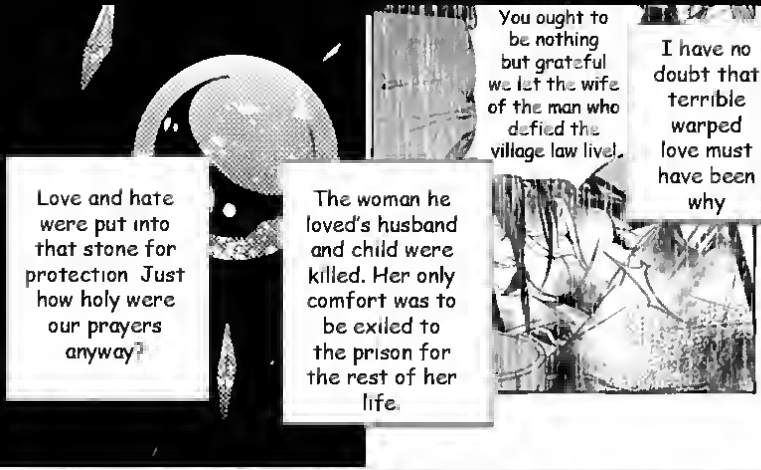
Alright, it looks like I'll need to yell even louder!
A book?

I wander if the vibration from my yelling made it fall off the shelf?
That startled me.

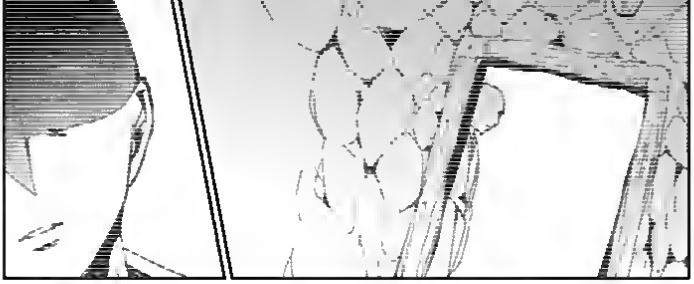
A long time ago, our ancestors recieved the Night Glow Stone from a certain man.

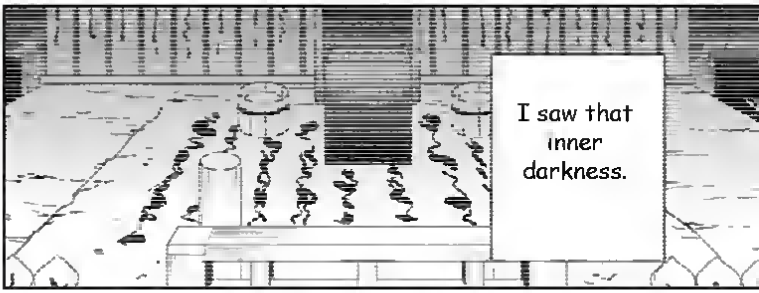


But it was only because of lust.

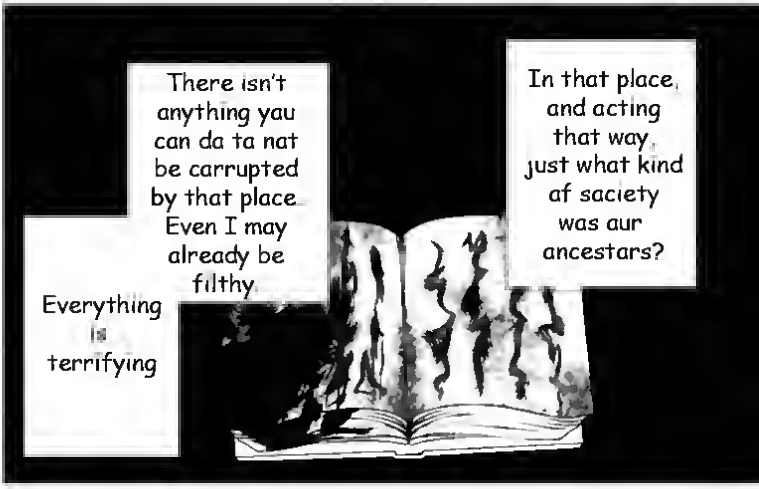


Love and hate were put into that stone for protection Just how holy were our prayers anyway?
The woman he loved's husband and child were killed. Her only comfort was to be exiled to the prison for the rest of her life.
You ought to be nothing but grateful we let the wife of the man who defied the village law live!
I have no doubt that terrible warped love must have been why





I saw that inner darkness.



In that place, and acting that way, just what kind af saciety was aur ancestars?
There isn't anything yau can da ta nat be carrupted by that place. Even I may already be filthy.
Everything is terrifying

"Maybe this
Is the Kanzaki family's "Ogami-san""

Make you curious, huh? Shall I turn the page?

Mwa ha ha

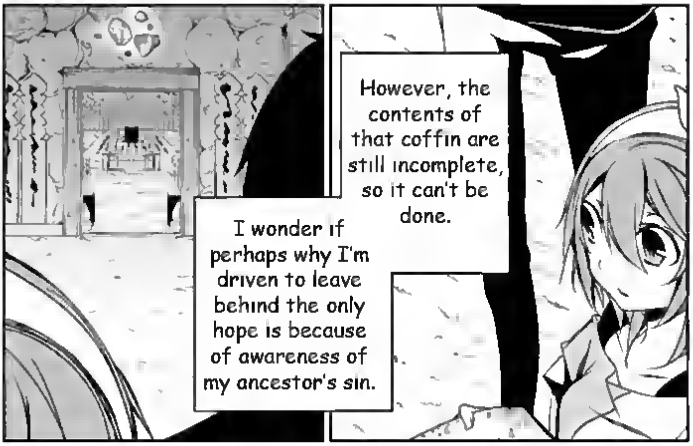
It continues... But I wonder whay it's all sticky.

Let's go, Suga.

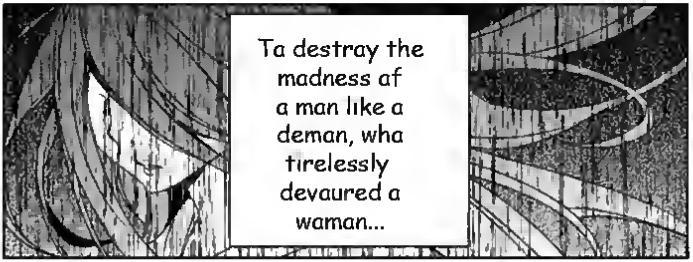
The key to enter...
Moybe it's thot one from before, ond the key unlocks the room from this side

Moybe the poth to escope is there.

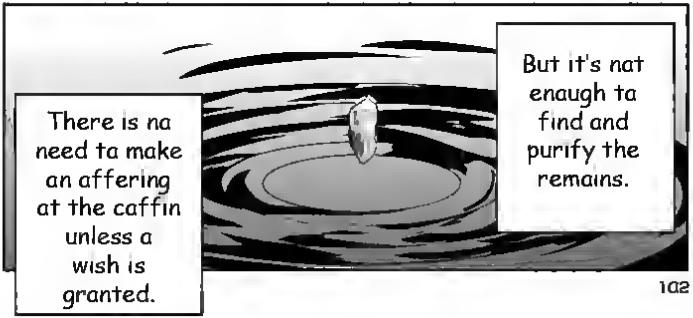
In order to save that woman, the purified body must be placed in the coffin and lifted onto the pedestal.



I wonder if perhaps why I'm driven to leave behind the only hope is because of awareness of my ancestor's sin.
However, the contents of that coffin are still incomplete, so it can't be done.

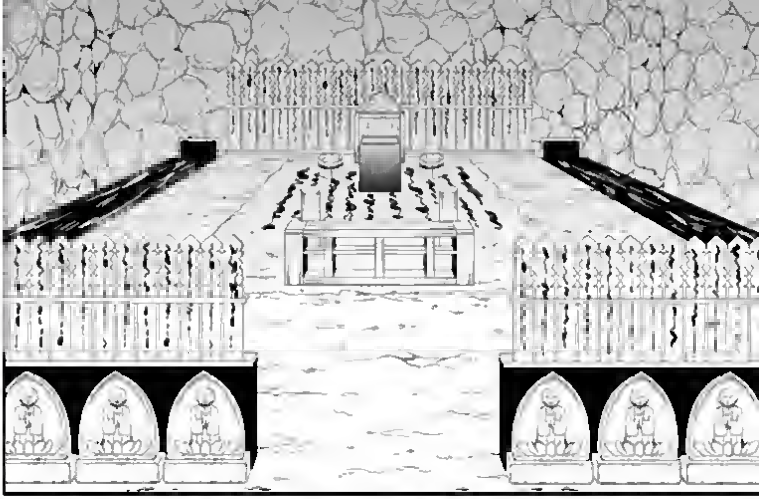


Ta destray the madness af a man like a deman, wha tirelessly devaured a waman...



There is na need ta make an affering at the caffin unless a wish is granted.
But it's nat enaugh ta find and purify the remains.

Fragment?
Even though there is only a little fragment.
Could it be what we picked up at the front of the cave? I wonder if it's that thing?



Then...
Please accept this

Thank you
Kya ha ha

I know that child It was something that happened when I went into the forest when I was younger

I get it. That child has always been here.
In order to meet his mother.

If we take it
to the stone pedestal on the path from before, then if I'm right something may happen
It isn't a problem, right? Suga?

I wonder if this is ok...?
...
Let's go hurry and find the exit-

That sound...!

The Night Glow Stone outside broke!
